**New Business Discussion/Information:** Proceeded regarding a potential contract for a 6-Month Interim Intergovernmental Shared Services Agreement for the Fire Chief’s Services between Tonto Basin Fire District (TBFD) and the Pine-Strawberry Fire District (PSFD) as presented by Chief Stoltenberg. The Chief reviewed the proposed contract changes that were made following the Special Joint Meeting on February 4, 2025. These changes included:

- Added line items 5 and 6 to Section 2 under the PSFD’s Responsibilities and Obligations on page 2. These line items were specific to the PSFD vehicle usage and maintenance. Line item 6 was also removed from Exhibit A.
- Replaced verbiage on page 3 under Section 2 to ensure consistency with the PSFD Board by-laws.
- Removed the word “solely” under Section 5, Duties, page and cleaned up the language to ensure that the Chief works under the guidance of the Boards.
- Added the mailing address, P.O. Boxes, for both TBFD and PSFD under Section 9, Termination on page 5.
- Inserted language for a “Pause of Contract” mechanism under Section 9, Termination on page 5. There was a request to add “incapacitated” to this verbiage in order to cover both Boards. Chief Stoltenberg and Attorney Matura will modify the verbiage.

At this time both the TBFD and PSFD Boards agreed that the contract language was satisfactory once the “Pause of Contract” language was edited. Both Boards also agreed that they would take the contract back to their respective Regular Board Meetings later in February for action.

Chief Stoltenberg then started a review of the different financial options that were prepared by Chief Stoltenberg and JVG. The review included the costs that TBFD would have to absorb to ensure it covered for the Chief’s absence given that he is a working Chief in TBFD and sometimes has to cover on an ambulance or fire truck. The review also included an updated cost breakdown of fuel costs based on the IRS fuel rate of 72.5 cents per mile.

TBFD Board Members highlighted the fact that there would be additional costs for TBFD of ~\$11,626 to backfill with “On Call Captains” when the Chief was in PSFD and \$5,011 in additional fuel costs for using the TBFD vehicle to travel back and forth from TBFD to PSFD.

One of the requests from TBFD was to split the fuel costs with each fire district absorbing ~\$400 in monthly fuel costs.

Following discussions on the costs and potential savings for both districts TBFD requested that the Chief’s salary costs be split 70/30 with PSFD paying 70% and TBFD paying 30%. This would result in a savings of ~\$43,600 for PSFD and ~\$21,769 for TBFD for the 6-month interim contract period.
